THE WORLD INSALÉ

SLAYER SHAMMED INSANITY; FOOLED EXPERTS 5 YEARS

Tighe Admits He Is Sane, Pleads Guilty to Wife Murder and Gets Twenty-Year Sentence—Was Aided by Tombs Keeper.

After deceiving the leading insanity experts in the country for five years Martin Tighe, who killed his wife, admitted to-day in Recorder Goff's court that he had been shamming, and was sentenced to nineteen years and ten months in Sing Sing on his plea of guilty to the murder.

The exposure in the court was the first verification of District Attorney Jerome's allegation that an organized school exists in the Tombs Prison for teaching murderers and other major offenders the art of shamming insanity.

Tighe was a bartender and his wife had had him arrested for abusing her. On the night of June 12, 1901, he shot and killed her. His immediate plea, after being locked up in the Tombs, was insanity. He had lived at No. 40 West One Hundred and Eighth street, had much political power there, and had many influential friends. Jimmy Hagan, a district leader, was Warden of the Tombs at the time.

On July 30 of that year Judge Newburger appointed a commission to report on the sanity of Tighe. This commission consisted of Attorney Abraham Stern, John P. Ahern, present Borough President, and Dr. J. N. Lieberman. They retained as experts the following alienists, among them being the best known in the country: Dr. George W. Jacoby, Dr. M. P. Byrne, Superintendent of the City Insane Asylum, Dr. Emmet G. Drent, Superintendent of the Manhattan Hospital for the Insane, and Dr. Charles L. Dana. The latter was also in the employ of the prosecution, with the ostensible object of proving Tighe sane if he found such to be the case.

Shown Positive Symptoms. At the time there were charges that an insanity school existed in the Tombs, and for that reason the Court's commission took every possible precaution. All the alienists, including Dr. Dana, reported that there was no doubt Tighe was insane. They reported in detail the many symptoms of insanity he showed. His skin was dry and parched, they said, and he had no business calling, she said, but had ample funds from an estate. The couple had two children. They had gone to the Bronx Park Zoo to see the animals and did not return until after their father had been taken to the hospital.

Heavy Rain and Thunderstorm at Time Scheduled for Play, Drenching Fans. BY HARRY BURKE. AMERICAN LEAGUE PARK, July 10.—Threatening clouds bathed Washington Heights in semi-darkness this afternoon and there was little prospect of agreeable weather conditions for the game. Clark Griffith and Frank Farrell were sorely distressed, for they figured that the Highlanders had come to St. Louis a soft spot to ensure success to win the lead in the league race.

When he would come back to the cell Tighe would tell me how he acted crazy by taking off his shoes, by slapping a doctor or doing something else that made them think he was insane. When his mother called he was all right, and I overheard all of his conversations. As soon as Chicago had finished his twenty-year sentence he entered a plea of guilty to a charge of manslaughter in the first degree, and Recorder Goff passed sentence immediately.

THOUSANDS DRENCHED BY SUDDEN STORM

City Shrouded in Darkness as Rain Falls in Torrents.

BEACH CROWDS SOAKED

Crash of Thunder and Vivid Lightning Flashes Add to Discomfort of Timid Ones.

With torrents of rain and a violent electrical display the heaviest storm of the summer hit New York late this afternoon. In the West it was a cyclone, and telegraph wires were down to nearly all points.

For a time it looked as if New York would be entirely cut off from communication in that direction until the circuits by way of New England and Canada could be made.

The storm here was not marked by high winds, but at the Western Union office it was said that for a radius of several hundred miles about Cincinnati and Pittsburgh wires were down. The extent of the damage could not be known, and probably will not be known before to-morrow.

Thousands Are Drenched. When the rain struck New York and vicinity it was just at the time when pleasure seekers crowded the race track, ball grounds and seaside resorts. At the same time the afternoon rush home from work was at its height. Thousands of persons were drenched, and there was the greatest excitement as at a hundred different places men and women scrambled to escape the downpour.

Shortly after the noon hour the clouds began to gather, but not until 4 o'clock did the storm break. At that hour the sky was so clouded that the streets were nearly as dark as night. Street lamps were lighted and the lights were switched on in the cars.

One of the interesting features of the afternoon was the crowd gathered to watch the baseball bullfights of The Evening World. They waited until darkness fell and a huge great rain-drops began to pelt them. It was just about that time that the Highlanders game was called off. The crowd made a dash for the shelter of the Brooklyn Bridge entrance.

There they packed themselves together in the place, holding up the surface cars. It was necessary to call out the reserves from the Oak Street station to clear the tracks. Several fights started when men objected to being shunted out into the sky-wide showers.

Beach Crowds Soaked. Similar scenes were enacted at Coney Island, Far Rockaway, Staten Island and Fort George. At Coney Island a crowd was swimming at the Parkway Baths. Recollection of a storm last year when several persons were killed by lightning in front of the place caused many of the swimmers to get up the beach away from the ominous lightning came in great flaming splashes and the detonation of the thunder was unusually severe. Many places were thought to have been struck.

The first of the games reported was from the building of the Fassel Color Company, Burlington Slip and Front street. There a big flag pole was smashed to splinters, but nobody was injured.

At Sheephead Bay 20,000 persons were watching the Realization Handicap. Hundreds ran back from the greens to shelter, but many of the race fans stuck to their posts and soaked with water, cheered as the horses splashed through the quickly formed mud.

THAW WRITES HIS DENIAL FROM TOMBS CELL.

Harry Thaw, after a consultation with his attorneys in the Tombs, late this afternoon gave out a written statement showing that there is to be no effort by his counsel to have an inquiry into his sanity. Thaw said:

"I am informed by Mr. Olcott and Mr. Gruber that the interview with the latter in one of last evening's papers, quoting him to the effect that I am now insane and that a lunacy commission would be appointed to determine that fact, has no foundation whatever.

"Mr. Gruber never made such a statement and no such course is contemplated. Mr. Olcott further tells me that he did not go to Philadelphia for the purpose of inquiring about Harriet Thaw or her alleged insanity, and that his visit had nothing to do with the question of my mental condition or that of any member of my family."

MAN KILLED ON ELEVATED.

A flagman on the Ninth avenue "L" road at Fifty-third street was killed late this afternoon by coming in contact with the third rail. Trains were delayed half an hour.

ALDERMEN VOTE TO OUST COMMISSIONER WOODBURY

The Board of Aldermen, by a vote of 20 to 19, late this afternoon, adopted the Ivinis report of the Street Cleaning Investigation Committee, demanding the removal of Street Cleaning Commissioner Woodbury.

This report will be sent to Acting Mayor McGowan, and it will be up to him to take such action on it as he sees fit. It is said if the Acting Mayor does not take action the matter may finally find its way to the Governor.

Prior to the meeting of the Board of Aldermen this afternoon there was a caucus of the Republican and the M. O. L. members on the question of the Ivinis report on the street-cleaning investigation. There were twenty-five Republican and two M. O. L. men in attendance and all were unanimous in favor of adopting the Ivinis report demanding the removal of Commissioner Woodbury.

It was said that no other business was considered at the caucus. Among the recommendations, twenty-two in number, of the Ivinis report, the first was a recommendation that Street-Cleaning Commissioner Woodbury be removed.

BY BOZEMAN BULGER. BALL GROUND, CINCINNATI, O., July 10.—As the Giants won on the field for practice to-day runners were flying thick and fast as to probable changes in the line-up. Cincinnati fans would not have been the least surprised if Joe Kelley had trotted out in a New York uniform.

Everybody is eagerly awaiting the arrival of John T. Brush, and until he shows up nothing can be known concerning the many deals reported. It seems that where there is so much smoke there must be some fire, but McGraw says he knows nothing of it. St. Louis has started a story to the effect that George Browne is to be traded for Catcher Mike Grady, but that is too ridiculous to even attract notice.

The Giants are not worried over the reports, but are content to settle down and wait for the Red Leg to arrive. They believe they have struck a good hitting spot and went after the Reds to-day with their old-time confidence. Mathewson was just in brime for pitching to-day, and McGraw was disposed to let him work, though Whites and Taylor were also warmed up.

As Sammy Briggs appeared on the field he was given a five-pound box of candy as a reward for his home run of yesterday. A local confectioner made the donation. Sammy smilingly thanked the donor and remarked that for one time he was the real "candy kid."

First Inning. Brennan struck out. Samuel Strang knocked also failed the atmosphere. McGann grooved to Deal unassisted. NO RUNS.

Huggins slammed a liner at McGann that was too hot, and the Red Leg took first. Siegel sacrificed. Mathewson to McGann. Huggins stole second. Seymour struck out. Whites and Taylor were going to pitch. Huggins scored when McGann let Judd's grounder go. Deal's hit sent Strang palled down Deal's fly.

ONE RUN. Second Inning. Mertes singled to left. Dahlen singled to the same spot. Devlin sacrificed. Wicker to Deal. Gilbert repaid a pop-up to Deal. Lobert's grounder threw to Deal of Bowerman's red-hot drive. NO RUNS.

Siegel sacrificed. Mathewson to McGann. Huggins stole second. Seymour struck out. Whites and Taylor were going to pitch. Huggins scored when McGann let Judd's grounder go. Deal's hit sent Strang palled down Deal's fly.

THIRD Inning. Mathewson pitched to Seymour. Brennan worked Wicker for a pass. Strang hit one to Seymour. McGann's pop-rocketed to Siegel. NO RUNS.

Siegel struck out. Seymour reached first on Gilbert's fumble. Judd fouled in Bowerman's who doubled Seymour at first. NO RUNS.

Fourth Inning. Mertes grounded out. Wicker to Deal. Dahlen flied to Siegel. Devlin got a base out. Wicker's grounder threw to Deal. Lobert's grounder threw to Deal of Bowerman's red-hot drive. NO RUNS.

Deal singled to left. Delehanty struck out. Wicker's grounder threw to Deal. Lobert's grounder threw to Deal of Bowerman's red-hot drive. NO RUNS.

Deal's hit sent Strang palled down Deal's fly. NO RUNS.
